

St. Paul's Library News

We have such a beautiful library in our church and consider it a mission - with hundreds of books- adult/children – fiction, documentaries, devotional, educational, inspirational- DVD Christian movies, music CDs, etc. that we wanted to share this blessing with the other churches in Hartley who do not have this type of library in their church.

We contacted the three Hartley churches – United Methodist, Trinity UCC and St. Joseph Catholic and offered this blessing to them. They were all excited with our generosity and will let their members know about this offer in their bulletin/newsletter or a poster to their members. We will not advertise this in the Hartley Sentinel.

The winter hours for availability for the other three churches will be during the hours of our Church Secretary, Tuesday, Thursday and Friday 10 am to noon. To access the library, they will enter our church from the alley south door. They were given

instructions on how to check out and return materials.

We hope that this will be a blessing to our extended church families in the community, as it has been for St. Paul's. Whoever had the insight years ago to begin this ministry from St. Paul's, would be very thrilled to know how it has extended to others outside our own church walls. Please keep this ministry in your prayers, as we move forward with this sharing of our blessings to others.

And to our own members.....Come often and ENJOY this blessing we have at St. Paul's !!
